Hotel development sold with project already approved

The Alcácer do Sal Villas III is located precisely in Quinta do Olival in Torrão, next to the Vale de Gaio river.

As an accommodation project, the Alcácer III will be a hotel inspired by nature, with a total of 15 rooms, divided into 2 T0 and 13 T1 duplex apartments in a modern but naturalistic design style.

All apartments will have a natural view of the river.

As a way to create a stronger connection with the natural environment that surrounds the structures of the project, it is suggested the predominant use of local wood as a building material and as interior decoration.

(Project images)

Torrão is a small town located in the municipality of Alcácer do Sal, which is situated in the Alentejo region of Portugal. Alcácer do Sal is known for its rich history, cultural heritage, and natural beauty.
