وصف:

Casa Cielo Azul is a 3 bed/3.5 bath home just steps away from the beach within the community of Redonda Bay. This two-story home offers a great outdoor lifestyle and was recently remodeled with a blend of modern finishes and colonial architecture.

The first floor features the main living area, open kitchen, dining area, a half bath and a private master suite. Coming up through a beautifully handcrafted, wooden staircase, you'll find yourself in the second story foyer which leads to a guest suite and another master suite, both of which offer stunning views of the Pacific Ocean. They also share a sun deck, which seconds as a moon deck for stargazing at night.

Having a master suite on both the 1st and 2nd floor is a thoughtful design that offers a private, spacious -space for two families as well as eliminating the need for using a staircase for those who prefer a single level layout.

There is a very spacious outdoor deck surrounding the infinity pool, which is a fantastic area for enjoying the coastal views, hosting friends, and lounging in the sun or shade.

The entire house is furnished with top-of-the-line hardwood furniture made in Nicaragua. All windows and sliders are imported from Europe and manufactured with high-end aluminum. This home is in excellent condition and is fully turnkey. It's a perfect home for any family looking to relocate to Nicaragua full time or to own a vacation home to enjoy and rent while away.
