Our appointment today is at the Acqua Village in Cecina, from here we will reach the property we are visiting with a walk and then return to enjoy an afternoon of aquatic fun.

We are in Cecina in the province of Livorno, in the heart of the Etruscan Coast in the countryside a few steps from the sea and all the services, but mainly from the very long and sandy beach, with a lush pine forest behind it. In many parts the beach is free, while alternating there are some bathing establishments where you can rent sunbeds and umbrellas and some bars and restaurants, and a surf school.

We immerse ourselves in the greenery of a natural context of rare beauty, in which this lovely studio apartment is located, ideal for those seeking tranquility and comfort after a life of work or for investment. Given the tourist rentals, very popular in this area, it is in fact possible to put it to income immediately.

The apartment is located on the ground floor, inside an ancient and typical well-renovated farmhouse, embellished by the presence of a shared swimming pool from which you can admire a unique and suggestive landscape and give yourself moments of pure relaxation.

This property is set in a context of high landscape value, a timeless place where you can immerse yourself in absolute quiet.

From a private driveway that guarantees privacy, you can directly access the veranda, a real open-air living room overlooking the fenced garden, a further added value of the property where your small animals can run free without danger.

The apartment, although small in size, is well-proportioned and has everything you need thanks to the wise use and placement of the furniture, on the right the equipped kitchen while in the front delimited by the bookcase the sleeping area where there is a double bed with a bridge wardrobe.

A hallway, where there is a washing machine and a comfortable shelf, gives access to the bathroom with shower embellished with mosaic tiles and the presence of a bright view of the garden.

To make your stay more pleasant, there is already an air conditioning system.

But as promised, our afternoon among the pools of Acqua Viva begins now, while this evening we will let loose at the Tinì Soundgarden, because with us pleasure and work go hand in hand.
