On the rustic plots, about 3.000 m2 of the total plot will be fenced and the houses will be delivered with about 1.000 m2 of gravel around the house.

The house has a private swimming pool and photovoltaic solar panels for the electricity supply.

There are several rustic plots to choose from in different locations, each with a different price (in the prices published in this advert a plot with a value of 40.000 eur has been considered, if the buyer chooses another plot, the final price will be recalculated accordingly).

The delivery period is 8 months from the granting of the building licence.

It is acquired under a self-promotion regime: the buyer makes payments on account of the price as the builder executes the work.
