Beschreibung:

Open expanses, proximity to the coast and an absolutely unique residence - just over half an hour to Malmö, 25 minutes to Sturup and just 7 minutes to the sea and Smygehamn.

The home conveys tranquility, relaxation and quality of life, is uniquely renovated with a touch of sophistication and finesse. The original dwelling house has been combined with the former stable via a tasteful extension, and overall the residence forms a fascinating home with a floor plan that is the only one of its kind of a total of 1 7 6 square meters.

The home offers four bedrooms, two bathrooms, charming kitchen and several social rooms for socializing. Further out into the garden, the journey of discovery continues via different rooms where one leads on to the next to explore. Through a leafy portal we reach the large orangery of a whopping 55 square meters with a stove that accommodates sofa furniture as well as a dining area and more. The residential building also contains two stoves that warm and cozy up during the colder months. The large plot of 4283 square meters is giving a park-like vibe.
