Beautiful renovated farmhouse is an area with lots of forest.

The house is neatly in order. Was renovated in 2018 and then new electricity, water pipes, windows and shutters and 8 cm of insulation has been installed on the outside. Living pleasure for many years.

You enter the property into the hall and then straight ahead there is the kitchen, the pantry / storage room and the bathroom. To the right of the hall there is the living room and to the left the bedroom.

Directly to the house is a large space where you can easily make an extra bedroom or even a guest room.

Electricity and water are available. If you want gas, there is a connection in the street. For drainage there is a connection to the sewerage system. The wood stoves provide heating. Internet and telephone are no problem.

The plot is 2,660 m<sup>2</sup> and in the garden several fruit trees and a well.

From the garden a beautiful view of the forests and nature.

Barlahida is a small village in the middle of an area rich of forest.

Located in western Hungary. You live here 20 km from the capital of the Zala county, Zalegerszeg and also 20 km from the city of Lenti.

Both great places with everything a city can offer. Barlahida itself is located in the middle of the forest. Is a dead end village where less than 200 people live. Wonderful peace and space. At 1 km from the house is a 1 hectare fishing lake and hunting is allowed in the area.

Great house to be your holiday house, but certainly also as a permanent address.
