Beschreibung:

This luxurious private estate, located on the outskirts of Milan, combines majestic neoclassical architecture with modern luxury. Originally an early 20th-century Art Nouveau property, the 600 sqm villa has been meticulously restored to blend contemporary classical interiors with its elegant architectural lines. Surrounded by a 3,500 sqm private park, the estate offers complete privacy and tranquility, enhanced by scenic bamboo plants that serve as a natural barrier. A newly installed, big swimming pool adds to the property's allure. The villa spans three levels, connected by an internal lift, and features spacious, tastefully furnished interiors. The ground floor centers around a sophisticated living area designed for both relaxation and socializing, while the upper floors house a spacious sleeping area with four bedrooms and five bathrooms. The design incorporates high-end materials and finishes, reflecting the property's luxurious character. An adjacent but independent 230-sqm annexe is planned to serve as a leisure space, complete with a fitness room and spa. Additionally, a 230-sqm underground garage will be constructed beneath the annexe. This estate offers an exclusive, peaceful living experience, just a few kilometers from central Milan and close to Malpensa International Airport. Ref: 12148
