Beschreibung:

Beautiful house located in Civray, just a few minutes' walk from the town centre. Close to all shops and amenities, this house offers plenty of living space both inside and outside, with its lovely enclosed garden. The house is in fantastic condition, benefits from oil-fired central heating and is connected to mains drainage. Inside, there are already 3 completed bedrooms, but there is still space in the attic to make more if a large family, for example, wishes to move in. 12 new solar panels produce electricity which can be consumed and any excess resold to the grid. A perfect opportunity to acquire an old property with potential in the heart of a dynamic town!
