Περιγραφή:	

A building plot perfect for residential use is offered in Santa Cruz de Tenerife, the capital of the island, known for its mild climate and as a popular tourist destination. The land has a total of 2500m² above ground and 900m² below ground, which offers ample possibilities for the construction of collective housing. In addition to its residential use, the plot is also compatible with commercial activities, offices, industry, tourism, and community projects, which provides interesting versatility for potential investors and entrepreneurs. The location of the land is exceptional, since it is located in a central area, surrounded by shopping centers, public transport services, leisure areas, schools, medical centers and parks. This proximity to important services and facilities adds value and attractiveness to the plot. Priced at €215,000, this offer represents a great opportunity for those interested in developing residential or commercial projects in a privileged and attractive location in Santa Cruz de Tenerife. It is a promising investment for those looking to take advantage of the tourism boom and the appeal of this charming seaside town.
