The main villa offers 146m² of living space, providing a large and versatile space for renovation. In addition, the land includes areas of arable culture, with almond and olive trees, adding a rustic and traditional touch to the property.

Location:

Located in Vaqueiros, the most extensive parish in the municipality of Alcoutim, in the heart of Serra do Caldeirão, in a place of great natural beauty, between the pleasant streams of Foupana and Odeleite, showing an "other" Algarve already far from the golden beaches of crystal clear waters, but full of charm and with much to see and know.

The village is located in a graceful valley, characterized by its white mountain houses that spread, showing its centuries of history. In fact, Romans lived here, as can be seen in the mining of the Cova dos Mouros Mine, and Moors who greatly influenced the region.

This was an important mining region, with four copper mines: Alcaria Queimada, Pedras de Galinhas, Serras de Fora Merenda and Cova dos Mouros.

This property is ideal for those looking for a renovation or investment project in a quiet and picturesque region of the Algarve. With a prime location in Vaqueiros, this property offers the perfect combination of rural serenity and proximity to local amenities.

Don't miss the opportunity to transform this property into a unique space, adapted to your needs and desires. Contact us for more information and to schedule visits!
