Welcome to a unique experience

'The charm of water land and jungle.

Nature and comfort. Luxury condos that blend in perfect harmony with the jungle. Ancient stones wild green caressing sun accompanying birds and the magical Caribbean breeze ...

Tul a paradise on earth

Tulum is arguably the perfect place in the world.

It has the ideal climate that invites you to stay forever the enchanting jungle of all the senses and the warm and transparent Caribbean sea.

Aldea Zama is an ecologically urbanized community adapted to the jungle and natural environment. Its location is really privileged. It is immersed in the Mayan jungle and at the same time is just a few minutes from everything the archaeological zone the town the beach and the hotel zone of Tulum.

Pioneer in its concept of offering first class services and urban planning

Assembled with nature. Aldea Zama has become an example within the Tulum community.

The first concept of development is to live in harmony with nature. The second is to do it with the best possible comfort. Therefore we create luxury condos peacefully fused with the wild and exclusive area Aldea Premium within Aldea Zama.

It responds to a contemporary design but that at the same time merges with the water the land and the jungle thus transmitting the spirit of Tulum
