Περιγραφή:

The house is located on a well-kept plot of land of 1268 m2 in the picturesque area of Kemerī, only 6 km from the sea!

Due to the large area of the building and land, as well as the good location, the house can be used as a single building with a large green area, and it can also be converted into several apartments with a large parking area in the yard, which has also been approved by the Jurmala City Construction Department. The yard faces south / southwest, which provides excellent opportunities to enjoy the sunny weather. The building has a heating system, electricity and city water supply. The building is in good technical condition for living, but needs repairs.
