The wide double fronted facade of this home gives an impressive look to this very spacious property .

located in a nice wide street with the bonus of a huge garage at the back parking could not be easier , all village amenities are however within short walking distance .

the ground floor welcomes you in through the traditional tiled vestibule into the central reception area off which there two large rooms one being used as a bedroom the other as a home salon . There is a fitted kitchen with fitted upper and lower cabinets and a large pantry. There is a family bathroom with walk in shower area , sink and loo on this level too .

From the reception room a door opens out into a very spacious courtyard patio .

At the far side of the patio doors lead into a large second living room with fireplace and beyond that is a storeroom with stairs leading up to an enormous garage which could easily house three cars , access to the garage is from the lane behind .

back into the house and on the first floor you have a large central landing off which are 3 further bedrooms two with balconies overlooking the street , all three are large double There is another bathroom with shower cubicle, vanity , bidet and loo .

Then there is a further flight of stairs which leads up to a very large roof terrace which has fabulous views over the village and countryside .

because of the layout of this home it could easily lend its self to multi generational living or possibly creating a rental with independent access.

This property is in well maintained condition and can be lived in straight away with some updates doing over time .
