### Descripción:

House in phase of completion, with typical Alentejo traces, located in the wine growing area of Pegões, built in a farm with 5,000 m2. All its construction was elaborated according to many defined criteria, as for example the tiles were elaborated by the house <https://espacofortuna.com> following the handmade standards, the dishwasher was made in a single piece of stone of the Zone of Vila Viçosa and cut At leisure, all the hardware was handcrafted by a craftsman with many generations of iron work, and we have all a work of architecture and tiling, very personalized, which gives this property a unique character and whose objective is to satisfy the their future owners. - REF: IMO162
