### Descripción:

Let yourself be carried away by this timeless place, surrounded by greenery and lulled by the flow of water. This incredible property renovated with quality materials and decorated with great taste, offers comfortable accommodation and absolute peace. A short walk to the town of Chef-Boutonne with all its basic shops, schools, market, restaurants, bars, pool etc. Its location allows you to live the active life of this region; a region very rich culturally, not far from the coast and with beautiful surrounding countryside. The house is heated by oil central heating, as well as a high-performance wood stove (double-fronted for the kitchen and sitting room) heating the living rooms on the ground floor. There is double glazing throughout, recently rewired (including the pool and terrace areas) and the roof has recently been refurbished. A very rare property on the market with character and history.
