#### Descripción:

Here is a beautiful Barn Conversion project with this 160m2 barn on the ground floor with more than 1100m2 of land in a quiet street in the heart of Mansle where everything is possible on foot.

A complete renovation is to be expected, full coverage, creation of openings, bringing the various networks (which pass at the end of the garden), sanitation.

A rare property, everything remains to be done but with great potential, to give free rein to all your projects.

The department of Charente is located in the centre-west of France and is part of the Poitou-Charentes region along with Deux Sevres, Charente Maritime and the Vienne department.

Its name as is often the case comes from the river Charente which snakes through the department. Two local dialects are spoken in the area, Saintongeais in the west and Occitan to the east.

Charente is a thriving department for several reasons, Cognac production is one of the most interesting

and profitable industries, the export level of approx. 95% is a success, the consumption in France being only 5% (some say they keep the best 5% in France!).

The department has many typical towns, Angouleme in the south east for example hosts an international festival that attracts hundreds of visitors and is not to be missed.

The region is popular with hikers, bikers and nature lovers who like to discover the woodlands, lakes and streams that are part of this amazing landscape.
