A luxury of housing, in an unbeatable place, for lovers of the center, but at the same time lovers of the tranquility offered by these stone houses, with their unique gardens!

They are houses with a lot of character and a lot of history, being the first urbanization of townhouses in Vitoria, built in 1932 and designed by the Vitorian architect José Luis López de Uralde, of regionalist style, similar to the Basque-French farmhouse. Houses with their imposing stone facades, built with noble materials, stone on stone and wood. They are houses with a robust soul and anchored in the earth with pride, which make you experience a shared boast among their owners, feeling that the place where they live is privileged.
