Just a few minutes from the Vilamoura marina and facing the famous Anantara Vilamoura - Algarve Resort, is an exclusive property that brings together several amenities that are highly sought after in this region. From comfort to style, security, and even the privileged location, we present a 2 bedroom penthouse, recently renovated with carefully selected furniture and decoration.

This apartment has 3 balconies, a master suite, a dining room, and an outdoor area with direct access to the kitchen, integrated into a closed resort with on-site management available. With several services and common areas from the concierge and business service, the small library and relaxation area, a friendly staff available all year round, a restaurant, the Summer Tiki Bar, a fitness center, an indoor pool, and children's activity area, this property is a great solution for a family with children. In this resort, there are also 72 two-bedroom apartments and 73 three-bedroom apartments spread over 10 different blocks, combining comfort at home and abroad through the exceptional service of a hotel.
