توضیحات:

A spectacular detached villa that is offered for sale and only €250,000 (6 month timeframe) of construction work left to complete. The villa has four bedrooms, five bathrooms, a large 200m2 basement area, and even an elevator! Outside there is an infinity swimming pool, and a private garage. The villa offers partial sea views from the ground floor, and fabulous views to the sea from the first floor. Situated 3.6km from the picturesque Mijas Pueblo, and 4.2km from the beautiful beaches of the Mijas costa, the villas are set within a gated and secure community and are of a modern contemporary design. Features include floor to ceiling windows, well designed open plan living areas which are constructed with Eco friendly materials. A superb investment opportunity which, when complete, would be placed on the market around €1.5m to €2m. A rare possibility to add your own personal touch to a stunning modern home!
