Learn more about the Medianeira Neighborhood:

A quiet refuge and a place with many stories are Medianeira's titles. In a centralized area of the city, the neighborhood has quiet, pleasant and totally residential streets, resembling a quiet neighborhood of some country town. There are slopes in certain areas, which provide a different rhythm and extra charm.

But its streets have already experienced agitated moments, when on certain days, they were "covered in blue". The neighborhood of Medianeira in Porto Alegre is home to the old Monumental Olympic Stadium of Grêmio, now deactivated, a history that continues to attract visitors to visit the place. Living in Medianeira today is still being part of this history.
