توضیحات:

In the delightful village of Ambrieres-les-Vallees, landscaped land, with building area and a pond.

The whole on a surface of 2,457m2.

CU positive.

Land to be provided with mains services.

The department of Mayenne is part of the Pays de la Loire region at the crossroads with Brittany and the rest of inland France, the department is less discovered than its neighbours and the main town of Mayenne and Laval are worth a visit.

Charming villages are dotted around the countryside and make for interesting property hunting, it has long been the forgotten gem in North-west France so property prices are lower than in Normandy and Brittany.

The countryside offers nature reserves with interesting places to visit, the land being covered with large forests and panoramic countryside.
