Property Description

Exclusive villas surrounded by jungle with access to the Bacalar lagoon of seven colors. Mayasie Villas have been designed with a modular cube shaped structure of great amplitude cross ventilation and abundant natural lighting.

At Mayasie we have combined the unique and natural charm of Bacalar with modern and minimalist architecture generating contemporary and avant garde contrasts. The organic construction and the unique combination of panoramic terraces make Mayasie Villas the perfect place to enjoy the privacy and tranquility of the tropical jungle. The interior of the villas has been decorated integrally so that the exterior adapts naturally to your space.

Occupying only 9% of the total land Mayasie is thus respecting the fauna and the endemic vegetation of the area. Located in the Municipality of Bacalar in the state of Quintana Roo in a privileged environment surrounded by native jungle safe and away from the noise.

Bacalar is considered the hidden paradise where you find extraordinary nature history and mysticism. In recent years Bacalar has positioned itself as one of the best destinations for those seeking relaxation spirituality and an organic connection with nature.

Bacalar is a small lakeside town located 215 kilometers 133 miles south of Tulum
