توضیحات:

For an excellent quality of life we propose a new generation three-room apartment very close to the center of Rivoltella, all services, the lake and a short distance from the highway exit.

The building consists of 12 housing units very independent and in high energy class; the structure is earthquake-proof and built with sound insulation techniques that allows you to live in total tranquility.

The apartment is located on the ground floor and is accessible from a central entrance that separates the housing units.

It is equipped with state-of-the-art electrical system, central heating and air conditioning system with consumption meter for each unit, motorized shutters and security door.

Home automation system and VMC are available as options.

It consists of a living area, 2 bedrooms, 1 bathroom and a large terrace; the finishes are high quality and there is also the possibility to customize them by incurring extra capitalized costs.

There is the possibility to buy the single or double garage starting from € 36,400.00

For outdoor living, the building is set in a very quiet residential context and has a communal garden and swimming pool.

Delivery is scheduled for December 2025.
