For sale is an exclusive building plot in Quixabá with an impressive area of 7,000 m². The proximity to the beach makes this plot particularly attractive - ideal for the construction of a luxury residence, but also ideally suited for commercial projects such as a restaurant or hotel.

In addition, an adjacent beach area of 5,000 m², which is currently protected, can be purchased. This area can be used to create a palm garden or sunbathing lawn, for example. The price for this additional piece of paradise is only R\$ 100/m².

This 7,000 m² plot in Quixabá offers a unique opportunity to invest in an up-and-coming region with great potential. Its proximity to the beach and the option to purchase an additional 5,000 m² make it particularly attractive for both private construction projects and commercial investments. Secure this exceptional piece of land and create your vision of living or working in the midst of tropical nature.
