Praia da Rocha - With a vast and spacious sandy beach that stretches for more than 1 km, protected by
cliffs of warm and aesthetically cut out tones, the Rock is the holiday spot elected by increasingly
vacationers, being one of the best known beaches in the country.

The beach has a network of wide walkways that cover practically all the sand, along which are multiplied
the equipment to support the users of the beach, including a sports area.

On the avenue that accompanies the sea front of rocha, there are hotels, bars, terraces, discos and a
casino, culminating in the marina of Portimão, diversifying the tourist offer and offering very colorful
and lively beach.

From the towering viewpoints existing in the extreme sandof the beach, the Three Castles to the west and
the Fortress of St.³ Catarina de Ribamar, already at the entrance of the bar of the River Arade, the visitor
is overcome with a fabulous panoramic view over the coastline between Ponta João d Arens and Ponta do
Altar.

Despite the urban and tourist component that characterizes the surrounding Rock, the natural landscape
still seems to overlap, both by grandence and beauty. - REF: OB013 PR
