توضیحات:

This magnificent villa was designed by Mario Martins, one of the leading architects working in the Algarve. The property is located in a much sought-after area of Carvoeiro and offers stunning sea views. The house is ideal for those looking to live a high quality of life, surrounded by stunning landscapes and just a few minutes from the best beaches in the region. With a generous and well-distributed area, the villa has 4 bedrooms, all with en-suite, offering a peaceful and elegant environment. The spacious and bright living room features large picture windows offering views of the garden, pool and sea. The kitchen, fully equipped with high quality appliances, effuses the concept of the indoor outdoor living with all windows folding back to expose the terrace and infinity pool. The property has underfloor heating and an integral air conditioning system. -The exterior of the house is equally charming, with double car garage, a spacious terrace and infinity style swimming pool with electric cover. The garden has been thoughtfully planned using lots of native plants and there are two large roof terraces taking in the panoramic views of the coastline to the south and the Monchique mountains to the north. There is also a large basement with plenty of room for a gym or cinema room.
