Campoamor is situated in a distinct area neighboured with rich countryside. Being located there means that the resort sits in beautifully consistent climates with more than sufficient sunshine, making it the perfect destination for a getaway.

The spectacular traditional golf course of Campoamor, one of the top golf courses in Spain, overlooks the graceful Mediterranean and is spoilt with the highest quality of maintenance and care, gratifying players who enjoy the active outdoor lifestyle with a distance of 6533m and par of 73. Saying that, the structure is narrow and the preserved nature comes as an obstacle more than anything, presenting a variety of difficulties for challengers of all abilities. Alongside this, the Campoamor Golf Club Resort takes pride in the natural wind protection provided due to the fact that it is surrounded by small hills and is between two valleys.

In the vicinity of Campoamor we find important tourist resorts of Guardamar del Segura y la Manga del Mar Menor, the residential complexes of Campoamor, Cabo Roig and La Zenia, as well as the towns of Orihuela, Elche, Alicante, Benidorm, Murcia and Cartagena, which provide a high level of services and offer the visitor a wide range of shopping leisure and culture that is unbeatable.

Orihuela is a monumental town that should be highlighted for its important historic past. It has five National Monuments: Cathedral (XII century), Iglesia de Santiago (XV century), Santo Domingo (XVI century); Iglesia de las Santas Justa y Rufina (XIV century) and Episcopal Palace (XVIII century); as well as numerous museums and palaces.

Orihuela has 16 km of coast that covers cliffs with crystalline waters and fine sandy beaches, amongst which we can highlight the beaches of Punta Prima, La Zenia, Cabo Roig, Campoamor, Playa Flamenca and Mil Palmeras which, year after year, have obtained the status of European blue flag beaches.

On its beaches, coves and marinas such Cabo Roig and Campoamor you can practise water sports (sailing courses, windsurf, optimist and 470) at any time of the year thanks to the perfect climatic conditions in the area, which assure an average temperature of 20°C and over 300 days of sunshine per year.
