Description:

There are luxury villas, and then there's Paradiso Del Mar. PM, as it's been dubbed by its creator, it's more than just an address. it's a statement in design that speaks to a contemporary tropical lifestyle that only a select few have ever dreamt of. What has been a secret among the travel elite and now trending on social media with celebrities flocking from around the world to experience the ultimate Caribbean getaway, the Turks & Caicos has quickly become the rising star of the Caribbean.

PM features almost 24,000 square feet of living space with ten bedrooms, including staff quarters, nine full bathrooms, three half baths, and a fully loaded private penthouse nestled on the pinnacle third floor where you are can enjoy unparalleled 360-degree views from a rooftop deck. With its spacious open-plan living space, the living room, dining room and kitchen all give way to floor-to-ceiling glass doors leading to an all-encompassing infinity-edge pool— lap pool, lounge pool and wading pool. While impressive, these headlines only provide you with an idea of scale; it misses the hard to describe vibe and soul of this one of a kind property. Something you can only get by being here and immersing yourself in Paradiso Del Mar.
