HOUSI (www.housi.com) will be in this building, managing the studio/apartment for investors, taking care of the check in, check out, and cleaning. The rooms have smartlock, USB connection, Wi-Fi infrastructure, CFTV circuit, and app to set times in the paid areas and information. Concerning sustentability, the building uses solar energy, reuse of rain water, and also has a electric energy generator.

ABOUT THE AREA

Rio de Janeiro is a huge seaside city in Brazil, famed for its Copacabana and Ipanema beaches, 38m Christ the Redeemer statue atop Mount Corcovado and for Sugarloaf Mountain, a granite peak with cable cars to its summit. The city is also known for its sprawling favelas (shanty towns). Its raucous Carnival festival, featuring parade floats, flamboyant costumes and samba dancers, is considered the world's largest.

Rio de Janeiro, or simply Rio, is the capital of the state of Rio de Janeiro, Brazil. It is the second-most populous city in Brazil (after São Paulo) and the sixth-most populous city in the Americas.

Founded in 1565 by the Portuguese, the city was initially the seat of the Captaincy of Rio de Janeiro, a domain of the Portuguese Empire. In 1763, it became the capital of the State of Brazil, a state of the Portuguese Empire. In 1808, when the Portuguese Royal Court moved to Brazil, Rio de Janeiro became the seat of the court of Queen Maria I of Portugal.
