ABOUT THE AREA

Port Elizabeth (PE for short) fringes Algoa Bay at the western end of the Sunshine Coast, and offers many good bathing beaches, great surf spots and excellent water sports. Marine life in the bay is also sensational, with plenty of dolphins and whales that can be spotted throughout the year. The city centre, once a place to avoid, has started to smarten up thanks to a few urban regeneration projects, and it boasts numerous heritage buildings that are well worth a gander.

The Nelson Mandela Metro (including Port Elizabeth, Uitenhage and Despatch) is the gateway to the Eastern Cape Region, its well-equipped airport and harbour linking South Africa with other national and international destinations.

Known as the 'Friendly City', Port Elizabeth is located on the south-eastern coast, 763 km east of Cape Town. A superb value-for-money holiday base, Port Elizabeth offers a diverse selection of attractions as a family-fun holiday destination including scenic nature trails, historic heritage, magnificent wildlife, cultural experiences and countless water sport activities.

Port Elizabeth is one of the largest cities in South Africa, and is laid out in a way that you can reach everything within 15 minutes of the airport. Algoa Bay's 40 km of breathtaking coastline boasts a perfect combination of warm water, protected beaches and is complemented by Port Elizabeth's wonderful climate, which has been rated as having the fourth best weather of any coastal city in the world.

The Port Elizabeth area also supports the most diverse array of vegetation types in South Africa as five of the country's seven terrestrial biogeographic areas are represented in the Eastern Cape. The Bay, which is a favoured draw-card for beach and watersport enthusiasts is fast becoming known as South Africa's watersport capital and offers activity throughout the year, especially wind-surfing and fishing. In fact, Algoa Bay is regarded as one of the best sailing venues in the world, while scuba diving is of world class quality with beautiful reefs, shipwrecks, fish and colourful coral species.
