#### Description:

Kaštel Štafilić, an old stone house with an area of 300 m<sup>2</sup>, with a garden and a terrace.

This stone terraced house is located by the sea, in a beautiful location in Kaštela. The house is not habitable and needs to be completely renovated. After the adaptation, it offers a lot of possibilities because it is divided into living space and commercial space on the ground floor. Exceptionally, the house has a courtyard and a terrace, which is very rare for stone houses.

From the street, you enter the courtyard from which you enter the house. An internal staircase leads to the terrace with a beautiful open view of the sea and the surrounding area.

After adaptation, it can be used for catering and tourism, or as a charming private family villa in the very center of the town.
