Description:

Located on the Costa del Sol, Nerja is a gem that combines natural beauty with a traditional Andalusian charm. This town, famous for its crystal-clear beaches, cliffs and charm, offers a relaxed lifestyle in contact with nature. Just a few minutes drive from the center, you will find Río de la Miel, a natural wonder that connects the mountain with the sea. A unique environment, so you can enjoy an incomparable landscape and, at the same time, have access to all the amenities of the coast.

We propose this exclusive 2.4 hectare property, which is made up of a quality country house and a consolidated avocado farm. It offers an excellent investment opportunity with immediate income potential, both from tourist rental and from avocado production. With a large terrace with a swimming pool and panoramic views of the sea and the valley.

The house has been built with selected materials. It is designed to provide comfort and efficiency in the long term. In excellent condition, it is ready to live in without the need for renovations or improvements.

The large living dining room is the heart of the house, with a cozy atmosphere thanks to its fireplace that brings warmth and character to the space. The wooden table, which can accommodate up to 12 people,

offers the perfect place for family dinners or meetings. Adjacent to the living room, there is a fully equipped kitchen, which includes a bar that integrates perfectly with the dining room, ideal for informal and convivial moments.

It has 5 perfectly distributed bedrooms, with large spaces that adapt to the needs of both a large family and those who wish to receive guests in comfort. One of these bedrooms can easily be transformed into an office, study, or games room. The house has 2 functional bathrooms, one with a bathtub, and the other with a shower. In addition, at the back of the house, there is a laundry room.

The property's outdoor space is equally impressive, starting with a large porch, located next to the fenced pool, which ensures the safety of children. A beautiful mature fig tree adds a touch of natural beauty, freshness, and a delicious perfume that fills the air. Next to the house is a barbecue area, ideal for social gatherings and family events, with a bread and pizza oven, and a sink.

The land has easy access via a gate. It includes approximately 600 mature avocado trees in production, which allows for stable profitability with low maintenance. It has a water and electricity supply, making it easy to manage both for cultivation and for possible additional agricultural projects. Contact us for more details and to learn more about this investment option in a natural environment of absolute beauty.
