ABOUT THE AREA

The small farming town of White River which lies between Mbombela (Nelspruit) and Hazyview is the new tourist hotspot for a delightful day trip.

This friendly community of artists, artisans and farmers will have you visually inspired and ready to sample their creative designs and fresh produce at any of the galleries, studios, craft markets, cafés and restaurants you find there. The high level of Kaolin (China clay) deposits gives the river that skirts the town its name. In Swazi it is known as Mhloppemanzi (which means white waters) and in Afrikaans, it is referred to as Witrivier.

Scenic White River with its three dams and a number of nearby forests with many waterfalls is one of the largest Agricultural areas and produces tropical fruit, lowers and timber. There are a few good restaurants in White River of which the restaurant at the White River Country Estate with the Lowveld forests as a backdrop is spectacular.

The town has many historic sites and hiking trails as well as the Lowveld National Botanical Garden (17.60 km away). White River also offers endangered wildlife tours, game drives, mountain biking, bush braais, chimpanzee tours, night drives and archery.
