Leírás:	

The mansion dates back to 1698 and consists of 4 floors with 2,838 square meters, distributed in living rooms, kitchens, bedrooms, some with en suite bathrooms, as well as large terraces and balconies. Each room has huge windows, from where you can enjoy privileged views of the countryside, the mountains and the city of Palma. Surrounded by a splendid garden, there is a beautiful chapel where the religious services of all the nearby villages were held until the local church of Establiments was constructed. Since then it has been used for family events. There are also various agricultural buildings and stables, garages, an enormous water deposit filled by a natural spring on the property, and a caretakers house.

This unique property which in need of refurbishment could be transformed into a luxury rural hotel or an impressive residential farming estate.
