Valença is a point of confluence of the Central Portuguese and the Coast, with unique Jacobean markings, mirrored in monuments, stories and legends.

Here you can feel the magic of the way with moments as unique as being with one foot in Portugal and another in Spain, in the middle of the bridge, over the Minho River, with the Fortress behind and the Tui Cathedral in front.

Valença also marks the beginning of the Ways of Fatima, walking the Central Portuguese, in reverse. The Marian marks in Valencia are very special the testimonies left by sister Lucy's presence.

These paths here, is to immerse yourself in a prodigious nature marked by the banks of the Minho River, to follow the traces of the Roman medieval roads and a vast built heritage.

To know the Fortress, is to go through the memories of 2000 years of the most striking pages of the historical adventures of Portugal and Spain, engraved on granite stones. A jewel of military architecture, with 5 km of wall, a living and multicultural fortress, candidate for a UNESCO World Heritage Site.

The culture and traditions of Valencia are strongly associated with the presence of the Minho River and the grandence and historical wealth of its fortress. Space of refuge and safeguard, stage of stories of loves, conquests and complicities, fortaleza has always reflected the experiences of the people of Valencia. Reasons are not lacking, whether you are a traveler who appreciates the wonders of nature, or an admirer of our culture and the history that made Portugal. - REF: 331/M/01838
