Leírás:

In the center of Las Arenas we offer you an office like few, eighty square meters open to the street, bright and practical, perfect for your need, for sure.

It is divided into three spaces: a central one, the largest one, which can be perfectly a reception or an open work area; a semi-open office, with a large window to the street and a window of communication with the interior; a closed room, which can be the file or the office, where the toilet is also located.

The best way to value it is to come see it. Call us and we will accompany you whenever you want. Your workspace is waiting for you. - REF: Las Arenas Ofi 909061
