Leírás:

Truly unique historical property for sale on top of a hill, just thirty minutes from the sea of one of the most charming towns of the Ligurian Riviera. The property is a historical fortress of approximately 1,250 sqm, built between 1883 and 1895 and perfectly renovated; it also offers six hectares of leafy grounds. Thanks to the size of its outdoor spaces, it was also possible to create a helipad for private use and a temporary outdoor swimming pool with a view of the sea, while the project for an infinity pool is being defined. Designed to skilfully combine the charm of the past with high contemporary living standards, the main estate features a big entrance hall leading to a living room, a charming dining room, a private library, an eat-in kitchen and two study rooms, one of which with a typical fireplace. The sleeping area has five splendid bedrooms and four bathrooms. Among the utility rooms we find an apartment for staff, a huge warehouse, a laundry room and a garage. The property is 20 minutes from the beach, and easily reachable from Genoa, Monte Carlo and Milan, which are 45 minutes, an hour and a half and two hours away, respectively.
