Leírás:

This prestigious apartment for is in an exclusive position in Central Milan, offering wonderful views of Piazza Risorgimento. Located in an elegant period building from the late 19th century, with finely restored common areas and an around-the-clock concierge service, this property was modernized only three years ago, while maintaining the classic taste of the time: it therefore features the original parquet, marble and ceramic floors in the bathrooms, next to new double glazed windows, ducted air conditioning and a new plumbing system. The three bathrooms and the eat-in kitchen have also been renovated, with access to a balcony, next to a double living room with a closet. There are three bedrooms, two double and one single, with the possibility of creating a fourth. The double exposure, internal and external, with splendid views of Piazza Risorgimento and the internal courtyard, ensures excellent natural brightness to these elegant rooms, complete with a mechanized parking space inside the building and a big cellar, great features that add to the prestige of its very central location, ideal for experiencing the center of Milan in complete comfort.
