New built luxury villa in Cabo Roig for sale

This exceptional new built property has been built to the highest standards and to satisfy the most demanding clients.

On a 1.000 m² big plot in a very quiet location, yet only 200 m² from the beach you will find here a villa with a built area of 500 m² in Cabo Roig.

Entering the villa, you will come into a big hall. On the right there is a guest bedroom suite with an en-suite bathroom and a dressing room. To the left is located a wide stair case and the lift, which connects the whole building from the cellar to the roof top solarium. At the end of the hall you enter a spacious living room with an adjoining open kitchen. Big windows allow the views over the covered terrace into the garden and the big pool. A nice chimney will generate a cozy feeling in the colder winter days. The

kitchen is equipped with the best furniture and state of the art appliances.

On the second floor there are four bedroom suites, all with private bathrooms and dressing rooms. Three of the bedrooms have access to a nice balcony with beautiful views over the surrounding areas.

One floor higher we are on the rooftop terrace. Here you can enjoy the best views over the surrounding villas and gardens and you have a nice seaview. There is a summer kitchen here, which enables you to comfortably serve your guests here as well.

The lift will bring you down to the underbuilt area. Here are located two more suites, equally equipped with private bathrooms, that all have a lot of natural light. As well there is a sauna and Spa area and a big room with technical equipment for central heating.

The whole villa benefits of central underfloor heating (oil), central air conditioning, best materials throughout and of course on one of the best locations you can desire.

The beach is just a stone throw away, within a short walk you can reach a wide selection of bars and restaurants as well as several supermarkets, tennis courts and the local yacht club. Within 4 km around you will find several golf courses, horse riding facilities, all sorts of water sport activities, a big commercial center and much more for you to discover.
