Leírás:

Casa Calvario is a perfectly renovated family home situated on the town's main street with shops on the door step. The ground floor has a traditional San Juan entrance hall which leads into the open plan salon on through to the dining area and out to the kitchen, beyond which there is a family bathroom and a patio. The hallways and rooms are tiled to the height of 80cm with Andalusian Zocolo tiles.

Upstairs in Casa Calvario there are 3 generous bedrooms and another bath room. The master bedroom has a balcony overlooking the street and is the perfect position to sit and watch everyday hustle and bustle and on special days the processions of Semana Santa and Carnival. The whole Casa Calvario house is completed with a large roof terrace overlooking pueblo roof tops and the Sierras beyond; furniture is as new and included in the asking price.
