Leírás:

Situated in the hills of Florence, this distinguished 15th-century villa offers a luxurious glimpse into Tuscany's heritage. Covering 1,700 sqm, the estate is set within an 8-hectare park: 2 hectares feature a manicured garden with a swimming pool, while 6 hectares are dedicated to productive olive groves. This historic property, a short drive from Florence's city center, combines elegance, comfort, and privacy in a protected nature reserve, boasting scenic views of vineyards and olive groves. The villa, originally built for a noble family and later modified by the Altoviti Sangalietti family, showcases classic Tuscan Renaissance architecture with frescoes and a private chapel. It contains fourteen unique flats, including suites and one-to-four-bedroom apartments, each featuring original period details, Carrara marble floors, and views of the inner courtyard or surrounding hills. The estate also includes four independent cottages for staff, a wine cellar, and additional amenities. The tree-lined avenue and extensive olive grove enhance its charm. This villa represents a rare opportunity to experience Tuscany's timeless allure, blending historical grandeur with modern luxury, and offering proximity to Florence's cultural treasures.
