ABOUT THE AREA

Prague, capital city of the Czech Republic, is bisected by the Vltava River. Nicknamed 'the City of a Hundred Spires,' it's known for its Old Town Square, the heart of its historic core, with colorful baroque buildings, Gothic churches and the medieval Astronomical Clock, which gives an animated hourly show. Completed in 1402, pedestrian Charles Bridge is lined with statues of Catholic saints.

Prague is the equal of Paris in terms of beauty. Its history goes back a millennium. And the beer? The best in Europe.

European Hotspot

The 1989 Velvet Revolution that freed the Czechs from communism bequeathed to Europe a gem of a city to stand beside stalwarts such as Rome, Paris and London. Not surprisingly, visitors from around the world have come in droves, and on a hot summer's day it can feel like you're sharing Charles Bridge with half of humanity. But even the crowds can't take away from the spectacle of a 14th-century stone bridge, a hilltop castle and a lovely, lazy river – the Vltava – that inspired one of the most hauntingly beautiful pieces of 19th-century classical music, Smetana's Moldau symphony.

Art All Around

Prague's art galleries may not have the allure of the Louvre, but Bohemian art offers much to admire, from the glowing Gothic altarpieces in the Convent of St Agnes, to the luscious art nouveau of Alfons Mucha, and the magnificent collection of 20th-century surrealists, cubists and constructivists in the Veletržní Palác. The weird and witty sculpture of David Černý punctuates Prague's public spaces, and the city itself offers a smorgasbord of stunning architecture, from the soaring verticals of Gothic and the exuberance of baroque to the sensual elegance of art nouveau and the chiselled cheekbones of cubist facades.

Where Beer is God

The best beer in the world just got better. Since the invention of Pilsner Urquell in 1842, the Czechs have

been famous for producing some of the world's finest brews. But the internationally famous brand names – Urquell, Staropramen and Budvar – have been equalled, and even surpassed, by a bunch of regional Czech beers and microbreweries that are catering to a renewed interest in traditional brewing. Never before have Czech pubs offered such a wide range of brews – names you'll now have to get your head around include Kout na Šumavě, Primátor, Únětice and Matuška.

Urban Explorations

Prague's maze of cobbled lanes and hidden courtyards is a paradise for the aimless wanderer, always beckoning you to explore a little further. Just a few blocks away from the Old Town Square you can stumble across ancient chapels, unexpected gardens, cute cafes and old-fashioned bars with hardly a tourist in sight. One of the great joys of the city is its potential for exploration – neighbourhoods such as Vinohrady and Bubeneč can reward the urban adventurer with countless memorable cameos, from the setting sun glinting off church domes, to the strains of Dvořák wafting from an open window.
