Descrizione:

Luxurious villa of modern architecture of 5 bedrooms with sea view located in Lot 8, urbanization Monte Nicklaus, Monte Rei.

This exclusive residential area where the particularities of its location are the fantastic natural landscapes intact, the views over an immense Atlantic Ocean and the award-winning golf course, classified as

the best of Portugal and acclaimed worldwide, with the signature of the already legendary Jack Nicklaus.

This modern villa with a custom design by PLAN Associated Architects, a reference architecture atelier based in Almancil in the Algarve with more than 30 years of experience, has established a design pattern that rivals the incredible panoramic views.

With a rooftop terrace, infinity pool that produces a visual effect or an optical illusion that the water extends to the horizon, and a beautiful Mediterranean garden themed with 2,000 m² of area with two private

entrances, make up the exterior space of this property.

The villa has a fully equipped open-plan kitchen, living dining area with quite bright and spacious with direct opening to the terrace, stunning sea views and access to the pool,

with outdoor barbecue facilities and covered terraces.

The pool is heated with heat pump, while the infinity edge frames the perfect combination with the sea and garden views.

With 4 en-suite bedrooms, built-in and lined wardrobes, modern doors to the ceiling and a master-suite, with large

wardrobes closet and spacious bathrooms, provide a unique versatility to this villa.

The ground floor, with a custom-made design entrance door, over a double-height entrance, offers superb views to the interior of the house enhancing the welcome feeling.

The multipurpose spaces, be it the kitchen

dining room and living room are connected to a cosy lounge prepared for reading or viewing TELEVISION.

There are also private spaces to laundry and pantry next to the kitchen.

The dynamics of the spaces combined with the amenities of central air conditioning, the radiant heating of the floors and

the automation system (home automation), which allows you to control the whole house from anywhere in the world,

as well as automate all different types of lighting during the day and night.

Access to the first floor or basement is via a domestic elevator and an interior staircase with a modern design.

Garage space for two cars (with supply area for electric cars) and storage space, as well as areas prepared for cinema room*, games room wine cellar* and also a gym area* and sauna*. (* cinema room, games room wine cellar, gym and sauna are only pre-installed, not being part of any specification to include in the villa) SPECIFICATIONS:
