Descrizione:

This exceptional villa is part of the PDS (Property Development Scheme) program for eco-responsible villas in Mauritius. Located in the heights of the Palmyre Estate, it offers breathtaking views of the mountains and the ocean. Designed according to the principles of bio-climatism, permaculture, and sustainable resource management, this beautiful bioclimatic home is built with ecological materials. It integrates into the PDS framework, allowing full property ownership. Two types of villas are available for sale, offering luxury, comfort, space, and ecological sustainability. A range of customization options is available to achieve the desired autonomy. Type 1 villa features a plot of approximately 1600 m², a minimum living area of 280 m², and a total area of approximately 470 m². It also includes 4 en-suite bedrooms for a comfortable and private space. Sales price: Euro 2,490,000 - excluding registration fees, notary fees, and agency fees.
