Mondrian C is a detached two-storey villa, built with top quality materials. There is the possibility of customizing the finishes of the house and it has a large terrace on the first floor of 20m² and a porch of 20m².

The Mondrian C model is built independently, thus obtaining a high level of privacy in the home. It is designed sustainably with the latest technologies, safety and habitability measures as well as all the tools to reduce environmental impact. In this way, it provides a high degree of energy savings.

The villa is characterized by being functional and having a careful design around the 151m² built. The lighting that inhabits Mondrian C is due to the large windows on the main facades, designed so that there is a perfect integration between the interior and exterior spaces of the house, achieving great luminosity throughout the day.

The construction is carried out on a plot of 375 m², it has a large American kitchen integrated into the living room of 46m², 1 bedroom on the ground floor and 3 on the first floor, with 3 bathrooms. There is
