Descrizione:

Brand new flat in a refurbished former workers' villa in the heart of the historic centre of Olivais and next to Oriente station.

The flat is on the first floor of a fully refurbished gated community.

It has a suite with built-in wardrobes in the bedroom and an excellent bathroom with shower tray and natural light.

There is a guest toilet and a living room with an open-plan fully equipped kitchen, with a balcony and plenty of light.

The flat has a parking space.

The Olivais neighbourhood, located in the north of Lisbon, represents a significant milestone in the history of Portuguese urbanism and architecture.

In the 1960s, the Olivais project was an attempt to create a 'city within a city' - a self-sufficient community that would provide its residents with all the necessary amenities, from housing to shops, schools and leisure spaces.

In addition, the proximity of this flat and the building in which it is located to Parque das Nações and, in particular, to the Oriente station area, stands out.

It is therefore a flat in an excellent location, close to all kinds of services, shops and public transport - metro, train and buses.

It is also close to the Cuf Tejo Hospital and educational establishments.
