Omschrijving:

Romania is considered one of the best destinations for digital nomads. It has one of the fastest internet speeds in the world.

The "Mama Veta" house is located in Romania, Rudaria village (Eftimie Murgu) and is intended for those who want to have a unique traditional experience.

Rudaria is known for its water mills, with a tradition of over 200 years and very welcoming people.

The locals are very friendly and happy to share their experience of village life.

Nearby (50 km) are Baile Herculane, famous for its curative waters, famous since the time of the Romans.

During the Habsburg Empire, the Herculaneum Baths experienced a strong development. Emperors came here for the thermal waters, and Emperor Franz Josef said then that Baile Herculane is "the most beautiful resort in Europe". The legends here are fascinating.

In the area there are also the Cheile Nerei Natural Park, the Domogled Natural Park, the Danube Boilers, the Banatean Semering and other tourist attractions.

"Mama Veta" house is a house with 4 rooms, 1 kitchen, 1 bathroom, a large and spacious yard and a vegetable garden.

At a distance of 15 minutes from the house there is also a garden where you can completely disconnect.

Three of the four rooms are also available during the winter, and the heating is done with the help of terracotta stoves.
