It also has an underground car park for your car.

The flat itself is very well maintained and equipped with every comfort by means of energy-efficient air conditioning (hot/cold), electric shutters and fly screens on all windows, a separate storage/laundry room,

built-in wardrobes and an alarm system (if you take a contract with the current supplier).

There is a low-maintenance front garden to the property and a spacious terrace (partially covered and enclosed with large glass windows that you can slide open completely) to the rear, which gives you direct access to the communal garden with swimming pool.
