Omschrijving:

Located in the historic center of Estoi, in the municipality of Faro, this traditional 19th century villa with 30 rooms presents a unique investment opportunity.

The property consists of two villas joined into one, and can be transformed into a spacious family home or two townhouse units.

In addition, its privileged location in a picturesque village in the interior of the Algarve, just a few minutes from the beach and with breathtaking views of the Algarve mountains, provides the perfect setting for those looking to invest in tourism.

Full of special features, as you walk through its rooms and corridors you will be enveloped in an embrace of the past: traditional wooden floors, tiles, French balconies, a fireplace and an old well.

Having been partly renovated recently, the property combines traditional charm with modern updates. The main structural work, including the façade, roof, windows and utilities, was completed by a renowned company, leaving the finishing touches to the future owner.

It also features a panoramic roof terrace and a lush garden (1610m²) with Mediterranean flora, including almond, fig, citrus and grapevine trees.
