Omschrijving:
Radisson Phuket Mai Khao Beach

An exciting new project is set directly opposite the beachfront and offers panoramic views overlooking the iridescent Andaman Sea. Take in the spectacular sunsets by the infinity pool or enjoy the sea breeze during a peaceful stroll around the lush gardens, or nearby beach.

This is a pure investment product backed by a major hotel group, and due to the land scarcity in Phuket, beachfront assets will become trophy assets in the coming decade. The proximity (10 min) to the International airport is favorable with less to no traffic congestions on the Northwest side of Phuket.

Everything you need under one roof, the resort itself will come fully equipped with facilities, activities, International hotel standards and services. A group on the ground floor will offer direct access to the property's relaxing outdoor pool. Other features include a well-equipped fitness center, a kids club, various dining options, restaurants, bars, traditional sauna, steam room, rooftop swimming pool, and lounge.

Event hosting is possible, with a choice of two meeting rooms, a business center and professional support making this a delightful venue for corporate retreats.

Â· Fully furnished, fitted and equipped according to the International brand standards and specifications of the Hotel Group.

Located on over four rai (7,872 square meters) and with a total usable area of 14,000 sqm, the project consists of eight low-rise buildings, featuring 222 contemporary rooms and suites (110 units for ownership), offering freehold ownership to foreigners. It is licensed as a commercial condominium.
